Issue No. 9 | September 2026

Greetings Co-op 9 Members

In this issue we have a few quick news items and important reminders for everyone.

The annual inspection is coming soon. It will be scheduled for either October or November. More information will be sent out the closer we get.

The next board election will also take place this October. Two seats will become available. (Reminder: we voted last year to extend the board term length to two years.)

Due to unexpected expenses for new electrical wiring from the main electrical box to the pool house and the pump replacement, the Board has rescheduled the building painting project from this fall to next year.

Guests at the Pool

Please remember that policy allows guests of members to enjoy our pool, but the member must be present at all times.

Reserved Parking for Contractors and Deliveries

Reminder: Sharon, our parking lot manager, has reserved space #44 and the visitor parking spot closest to the drying yard exclusively for contractors and deliveries. We hope these dedicated spaces will further discourage parking in the fire lanes and make things easier for everyone.

Treasurer Report

As of 9/5/2026, the co-op's finances are as follows:

- **General Reserve:** \$69,939.58
- **Operating Account:** \$20,589.12
- **Certificate of Deposit (CD):** \$80,886.39
- **Laundry Account:** \$11,428.88
- **Petty Cash Debit Card:** \$736.72

Shout-outs

- Terri L. — Our Guardian of the Greenery
- Terry C. — Keeper of the Mall-Side Oasis
- Grant — Our Resident Lightkeeper
- Kathleen — Recycling Captain & Eco-Champion

What's New

Finished Projects

The new electrical wiring from the main electric box to the pool house was installed over several weeks. During that time the pool house lights were out, so a solar light was temporarily installed for safety. Once the work was finished, the lights remained on 24/7 due to an issue created during the installation. The electricians returned and corrected the problem.

Upcoming Projects

Annual Cooler Shutdown

The annual cooler shutdown (fall) services will take place in the next couple of months. More information will be sent out to the membership soon.

M-109 Remodel

The current project is the M-109 remodel. So far the HVAC system has been installed, but we are waiting on a replacement circuit board because the original was faulty.

We are taking our time to make sure the work is done right and in a cost-effective way. We are still getting bids from general contractors, so the main work may still be a few weeks away.

The co-op website will feature a milestone progress bar that shows the percentage completed as major milestones are reached.

Social Events

Fall Potluck

With the newsletter going out a little late, our fall potluck will be held on Saturday, October 10th at 3:00 pm at the pool ramada. (In case of rain, we'll move indoors to the upstairs office in M-building.)

If you'd like to participate, please bring a dish to share—nothing fancy required! Simple options like cold cuts, a salad, chips, dessert, or drinks are always welcome. We'll provide chips and water to help round things out.

Please don't hesitate to come even if you can't bring anything this time—there's always plenty of extra food, and your presence is what makes these gatherings special. Everyone is welcome.

If you plan to attend or have any questions, please coordinate with Trent (M-114) at gathus1@gmail.com.
